

## **THE 2017 LASC STATE CHARITY**

Our LASC mission is to raise funds for the Muscular Dystrophy Association in Louisiana.

**The freedom to walk, to talk, to run and play, to laugh, to hug, to eat and breathe...Each day across the country, these everyday freedoms are taken away from kids and adults with muscular dystrophy, ALS and related diseases.**

**You can help to change that. Together the schools of LASC can help teenagers afflicted with MDA.**

Money collected from LASC schools will be donated to “Camp Starlite”, a summer program for Louisiana children suffering from Muscular Dystrophy. The camp located in Pollock, LA, is held in late June each summer.
