A few Fun Facts for Your Friday:

Flamingoes bend their legs at the ankle, not the knee, so they actually walk on tip toe at all times.

Popsicles were invented by an 11 year old. They were originally called Epsicles after their creator, but were later renamed the 'popsicle' after his children's nickname for them. ([Reader's Digest](#))

Hell (literally) freezes over every year. There is a town in Norway called Hell, and it freezes every winter. In fact, today (Wednesday), they are emerging from a long cold spell. They will rise above the 30's for the first time in about a month today (only to plunge again next week). ([funfact collection](#))
