District VII workshop registration has been sent out!!!

Quote of the Month

"A big part of being a true leader is being open to new ideas. And those ideas come from thinking."

Support your School

Football season is approaching so go support your school. Come up with themes to dress up and encourage your team. Get people involved and and have a great time!

LASC

LASC is soon approaching and you should keep an eye out on it. Running for office is highly encouraged and a lot fun. If you donate to the Guy Harvey fund you will have a chance to receive the scholarship. The Gold and Silver Awards will be in a form on the website, if you do apply, do it in a timely manner. It is also very important that state dues are paid before their deadline!

State Board Meeting

On the 22nd, the state board met at Captain Shreve to discuss the LASC conference. Here, we went over plans and gathered ideas to make this conference one to remember.
